- I'm And Entrepreneur with 2 on-going successful Internet business.

- I'm Founder and CEO of Kimia-Fekre-Bozorg (fekrebozorg.ir). I managed my company with over 30 employee in 3 cities of Tehran, Mashhad And Isfehan back in 2010 to 2013 and then shifted its business model from physical to digital.

- I have my own Educational Website (alikhademoreza.ir) with subject area of entrepreneurship,business,Marketing and personal development.

- I'm a Teacher In MBA course with Internet Business subject.

==> so the consultation of above-mentioned items can Explain my motivation for applying for Renault Pars :

+ I'm passionate about Personal Development , Learning and adopting New subjects and skills , I found it through doing Valuable Work.

+ Renault is a Great Company in which I have the chance to do many things , contribute great value and gain invaluable experiences.

+ I want to work in a world class business Environment and I cannot think of a better place than Renault Pars.

+ Backed by my General and website management knowledge and experience, I can do a great job for "Renault pars" and "renault.co.ir" and make a meaningful difference. This successful result would be the Best Motivation of Mine.

+ I'd like to make more money out of doing great jobs.

My vision is NOT a place but a Path. a Constant and never-ending Improvement path. I'm already somehow in this path, but Working with "Renault Pars" would enhance the quality and widen the width.
